

Thomas E. Spindle Award

Mike Cutchshaw

Mike Cutchshaw has been instrumental in serving members of CAHF's Developmental Services Conference. During his tenure in the association, he served as chair of the Conference for ten years, encouraging and supporting his fellow colleagues. He remained involved in issues at the national level via AHCA and participated in numerous fly-ins and grassroots efforts. Mike has always been a willing volunteer when called upon to testify before the Legislature or attend meetings with legislators, the Department of Developmental Services and the administration. When DD members were still active members of CAHF's local Chapters, Mike participated faithfully at the local level. On his own time, he travelled to sites throughout the state to participate with CAHF staff in DD regional meetings. He was a long-time supporter of the DD Symposium and generally sent 20+ staff to the event and served on the planning committee. Mike is a devoted CAHF member and volunteer leader who recently announced his retirement.
