# MONTHLY MELODY

*"Music is probably the only real magic I have encountered in my life. There's not some trick involved with it. It's pure and it's real. It moves, it heals, it communicates and does all these incredible things."*

- Tom Petty

Every month, we share ideas from the field, the latest news on the project and examples of how Music & Memory is changing lives.

## All Smiles

This happy face comes to us from **Lone Tree Convalescent Hospital** in Antioch.

Clarence was one of the winners of the Staying Connected: Laptop Giveaway contest and will use his laptop to connect with family and friends and play games and crossword puzzles.

Congratulations, Clarence!

## Free Music for Residents!

Downloading music on iTunes can get expensive.

That is why the CAHF Music & Memory project is so grateful to members of the [Sacramento Renaissance Society](#) for donating and cataloging more than 1,600 CDs.

Check out the [list of CDs](#), cataloged into fifteen different genres (see tabs on bottom of spreadsheet).

CDs highlighted in red are no longer available.

If there are CDs on the list that you would like mailed to your center, please email [Amanda Davidson](#) with the artist and album name.

We will ship them directly to you so that your residents can benefit from the **free music**.

**REMEMBER!** To avoid copyright issues, nursing homes must keep the CD after burning the music onto a computer or laptop.
