

Join

It's easy — and it's free!

Families & Friends of Long-Term Care is a program designed by the California Association of Health Facilities to bring together the family members and friends of California's long-term care residents and clients.

What are the benefits of membership?

- A free monthly newsletter designed especially for long-term care families and friends.
- Access to the *Families & Friends* Web page, an Internet resource with useful news, information and tools for current and future long-term care consumers.
- Community events and activities designed to educate consumers and support long-term care in California.
- The opportunity to work with other families and friends to address important issues related to long-term care in California.

Families & Friends of Long-Term Care is dedicated to providing information, advocacy and support for the families and friends of California's long-term care residents and clients.
