The top-ranking deficiency in California for the past three years has been F0371 - Sanitary Food. CAHF’s Dietary Service Project will unveil an exciting suite of educational materials to train your kitchen staff to be top notch. There are training videos designed to help reduce deficiencies in the dietary department. Is your kitchen prepared for the next survey?

Great Opportunity to Invite Your Dietary Manager & Lead Cook

(2) Hour NHAP & BRN CEs have been applied for
