

QTSO MEMORANDUM

MEMO

NUMBER: 2010-183

TO: QIES State Coordinators

CC: CMS Central and Regional Office Contacts

FROM: Deb Jacobs, QIES Technical Support Office

DATE: November 1, 2010

SUBJECT: Update: Issue Alert – October 26, 2010
MDS 3.0 Submitter Final Validation Report Performance

The MDS 3.0 Submitter Final Validation Report issue reported in QTSO Memo #2010-175 (dated October 26, 2010) has been **partially** resolved.

The functionality which allows the user to submit the report using a date range has been disabled. Users can continue to submit report requests using a valid submission ID.

Note: The submission ID **must** be associated with the user ID logged in to CASPER Reports at the time the report is requested. Users cannot submit this report if they did not submit the original MDS 3.0 file.

Pending report requests submitted, including the date criteria, will be terminated. It is expected that the date functionality will be restored once the issue is resolved. A follow up memo will be sent when the date functionality is restored.

We apologize for any inconvenience and appreciate your patience.
