

DEVELOPMENTAL SERVICES

LICENSURE & CLIENTS

CAHF represents providers that administer 24 hour care to individuals with developmental disabilities in licensed Intermediate Care Facilities (ICFs). California has three licensure categories for developmental services providers. Services provided include, but are not limited to, training and support in life skills such as mobility, socialization, employment and recreation.

Intermediate Care Facility for Persons with Developmental Disabilities - Habilitative (ICF/DD-H)

Facilities of 15 beds or less serving individuals who may have intermittent need for nursing care. The emphasis is on enhancing or preventing regression of intellect, functional skills and the emotional well-being of the person. Typically, care is provided in a group home setting. Approximately 97 percent of California's 677 ICF/DD-H facilities contain six or fewer beds.

Intermediate Care Facility for Persons with Developmental Disabilities - Nursing (ICF/DD-N)

Facilities of 15 beds or less that serve persons who have continuous needs for nursing care for monitoring of medications or conditions such as epilepsy. More than 90 percent of ICF/DD-N clients utilize wheelchairs. There are approximately 405 ICF/DD-Ns in California.

Intermediate Care Facility for Persons with Developmental Disabilities (ICF/DD)

Facilities with 16 or more beds serving individuals who may have intermittent or continuous needs for nursing care. There are approximately 13 ICF/DDs in California – 9 free-standing, 3 distinct-parts (DPs) of state hospitals and 1 DP of a skilled nursing facility.
